## CERTIFICATIONS

- Full Stack Web Development: Build a Real-Time Website like Stack Overflow
- Internship in Data Science – Codetech IT Solutions

## PROJECTS

- **Mental Health Predictor**  
Developed an end-to-end Data Science project to predict mental health risk. – Responsibilities included data preprocessing, model selection, training, and deployment. – Tools & Technologies: Python, Machine Learning, Random Forest

### • **Animal Detection Project**

Created a custom dataset using CVAT for data annotation. Built a machine learning model to detect various animals from images. – Focused on dataset creation, annotation, model training, and evaluation.
